## PRESS RELEASE JUNE 2007

Jacksonville Florida based *ACI Communications Corporation* is off to another record-breaking year in 2007!

We have just completed the structured cabling and wireless data & voice communication system for Dr. Nicolitz's Southpoint Surgery Center as well as Fleming Island Surgery Center, both state of the art surgery centers.

*ACI Communications Corporation* has just been awarded the structured cabling for the voice and data communications contract for Dr. Bowden's new Surgery Center located in Southpoint. *ACI* will be installing the Communications system soon for this brand new location.

In addition to *ACI's* medical division, the automotive division is having another record breaking year. We have just completed the new telephone systems for the Coggin Auto Mall in Ft. Pierce, FL, including the Honda, BMW, and Mercedes Benz dealerships, Lou Sobh's Honda of the Avenues, and Mercedes Benz of Melbourne. We will be designing and implementing both of Brumos' new locations; Lexus of Orange Park and Mercedes Benz of Orange Park. Other recent installations include the Nimmicht's new state of the art Pontiac, GMC, Hummer dealerships at the Avenues, as well as Nimmicht's new Cadillac & Saab dealership in Orange Park, FL and Lighthouse Toyota's new world class facility in St. Augustine, FL. as well as Ford of Ocala, Ford of Sebring, and Ford of Belleview. Later this year we will also be designing and implementing Bozard Ford's new state of the art facility in St. Augustine, FL.

*ACI's* rapidly growing wireless LAN division has recently completed projects for the Greater Orlando Aviation Authority, The City of Jacksonville, Flagler College, NOVA Southeastern University and the structured cabling and fiber optics for The Energy Authority in downtown Jacksonville.

In addition to these, *ACI* has just completed the installation and networking for Adamec's Harley Davidson's three showrooms in Jacksonville on Baymeadows, Wells Rd. and Atlantic Blvd. including Adamec's new Super Center on Baymeadows and I-95.

*ACI* also houses a wireless division that offers a full line of wireless accessories including the newest technologies from Sprint/Nextel. We specialize in helping business' increase productivity and gain a significant edge in the marketplace while simultaneously saving our customers on their overall communication costs.

*ACI Communications Corporation* designs, markets and supports a full range of voice and data communications networks and systems for the enterprise market.

With a backlog of automotive dealerships and surgery centers in hand, awaiting new facilities in 2007, it looks like it will be another record breaking year for Jacksonville based *ACI Communications Corporation*.
