PRESS RELEASE JUNE 2008

Jacksonville Florida based *ACI Communications Corporation* is on track for another record-breaking year for 2008. Company Spokesperson and General Counsel Jennifer E. Schramm reports that the medical and automotive divisions are once again the leading divisions in Terms of Revenue. *ACI Communications Corporation* has been awarded contracts to design install and support voice and data networks for New York based Asbury Automotive Groups, Coggin Pontiac GMC at Regency, Coggin Toyota at the Avenues, Coggin Chevrolet at the Avenues, as well as Coggin Nissan at the Avenues. ACI has recently completed the structured cabling for voice and data, as well as the wireless and new telephone system for Jerry Hamm Chevrolet's new state of the art dealership on Phillips Highway in Jacksonville Florida.

Jacksonville Florida based JA-RU Inc., one of the largest Rack toy companies in the United States, with manufacturing facilities in China and offices throughout the world recently awarded ACI the contract to design install and support their new corporate communication system.

ACI's Real estate division has been very active as well with the completion of Lifestyles Realty Corporation's new corporate office in Ponte Vedra Beach Florida as well as the new Keller Williams Realty's Corporate office in Jacksonville Beach Florida. Rounding out the real estate division activity for the first half of 2008 is the completion of new systems for Atkinson Realty Groups Corporate office as well as Atkinson Realty Groups Park St. office. ACI has also been active in commercial Realty as well as with the installation for Atlantic Commercial Properties Corporate office in Perimeter Park and Phoenix Realty Groups Corporate office in Southpoint.

ACI recently completed the voice and data network, structured cabling for voice and data, new telephone system, wireless data communication systems for St. Louis Missouri based Hallmark Senior Housings new state of the art Acolade Community as well as the Allegro Senior Community on Fleming Island. *ACI's* medical division has recently completed installation for Jacksonville Florida based Lyerly Neurosurgical Center at Baptist Hospital.

ACI Vice President Richard Rasey reports the network division has been extremely busy this year auditing customers local long distance and internet bills and saving customers thousands of dollars on a monthly basis. Mr. Rasey says "Customers are using the savings we discover to upgrade and or replace older systems at little to no cost at all".

ACI Communications Corporation designs, markets and supports voice and data communication networks and systems, utilizing the Inter-tel, Mitel and Cisco platforms
